MSF ELECTRIC, INC.

SINGLE-FAMILY RALEIGH DIVISION

We understand the varying needs of builders, both large and small, and are committed to providing quality and timely performance to satisfy the needs of all. MSF Electric has been in the Charlotte market since 2011 and have wired well in excess of 17 thousand homes in Raleigh and surrounding areas. Our competitive pricing and consistent performance benefits our customers in an economy where every day on the construction schedule and every penny counts. We are committed to providing the quality construction and timely performance to satisfy your needs. Our wide array of clients includes builders of all sizes from the single home custom builder to the major national homebuilder — we understand the varying needs of all types of builders.

RALEIGH CUSTOMERS

- Dan Ryan Builders
- Taylor Morrison

INSURANCE AND BONDING

We are insured through Amerisure Insurance, an AM Best "A" rated carrier. We provide workers compensation insurance for all employees. We have adequate bonding capacity through CNA Surety to provide performance and payment bonds as needed for projects that meet underwriting requirements.

SUMMARY

Our goal is to continue to develop and build strong relationships with reliable clients that will allow our business to continue to grow on the solid foundation that we have established. We will remain dedicated to the residential construction industry while we expand our presence both geographically and through growth in the markets we currently serve. We will continue to service our customers while providing safe and rewarding workplace for our employees.
